THE DREW BULLETIN

ISSUED QUARTERLY BY

DREW SEMINARY FOR YOUNG WOMEN

CARMEL (ON LAKE GLENEIDA), NEW YORK

Vol. XI JANUARY, 1926 No. 4

Entered as Second Class Matter April 30, 1915, at the Post Office at Carmel, New York, under Act of Congress of August 24, 1912.

A NEW YEAR

With happy voices and smiling faces the old students greeted each other as they met on the campus. Here and there you would find the new student trying her best to overcome the waves of homesickness that would sweep over them. It was a joy to see the old students in the real Drew fashion going about trying to interest and make happy the "new comer".

On September 22nd the Faculty Dinner was held. At this function the new president elect Herbert E. Wright and Mrs. Wright met their co-workers for the first time. Three new members of the faculty were introduced, Miss Eda Brunn, Hunter College, Instructor in Science and Mathematics; Mrs. Blanch Freeman Hall, New York University — Head of Secretarial Department; Miss Esther Van Duesen, Syracuse University — Teacher of Vocal Music. Plans for the year were discussed and arrangements made for the formal opening of the school.

On September 23rd Dr. Clarence P. McClelland, former President, honored the School by his presence and rendered invaluable service to the new president during the registration of students. The new president greatly appreciated this courteous act on the part of Dr. McClelland who, at no little expense and sacrifice came from his new home in the West to render this assistance. The enthusiastic welcome accorded him by both faculty and students revealed the high place he held in the esteem and love of those with whom he had lived and labored. After registration was over both faculty and students lost no time in "getting down" to real work.

On September 25th classes were formed and lessons assigned. The new school year had begun in earnest.

Friday evening the president's reception was held. This was the introduction of the new president and new school mother to the student body.

Saturday everyone enjoyed the picnic at Peach Lake. In the evening all were delighted with "The Goose Hangs High", a popular Paramount Picture.

The usual routine has been broken occasionally by social events:— October 2nd Song Recital by Denton Bastow, Tenor.

Mr. Bastow is a great favorite at Carmel and always radiates cheer and good fellowship. His coming was a "bright spot" in the opening days of the school year.

October 3rd the Y. W. C. A. held their "Kid Party". This brought the new girls into the real life and spirit of Drew.

October 10th Rev. Samuel W. Grafflin, D. D. of New York City delighted and inspired the girls with his great lecture "Life as a Great Adventure". The girls were unanimous in their request that we secure Dr. Grafflin again, "as soon as possible".

October 18th the "common round" of school life was broken by the first Home Sunday vacation. While the girls were glad to get home, their mothers said that they were as eager to get back to Drew.

October 23rd Miss Hanna Van Vollenhoven entertained us with a delightful piano recital as only Miss Van Vollenhoven could. From first to last she charmed the girls with her selections.

Throughout the Fall the soccer field was constantly in use during exercise periods. Many interesting and exciting games between societies and classes made this sport most fascinating. The seniors came off victorious.

Thus far we have been very fortunate in escaping the various epidemics that have visited near-by schools. We are happy to report that the general health of the student body is excellent.

At work and at play all seem possessed with the one spirit of "making good", not only for what it will mean to them, but what it will mean to the Seminary.

The recitals and plays have been of the highest order. The following will easily prove this to the most critical.
